

Can healthy people, ecosystems, and grassroots innovations/knowledge systems teach us something new?

A talk by Prof Anil K Gupta

Prof Anil K Gupta is an independent thinker, activist, and author on a mission to expand the global as well as local space for grassroots innovations. He is the founder of the Honey Bee Network, SRISTI, GIAN, and the National Innovation Foundation. He is a visiting faculty at IIM-Ahmedabad and IIT-Bombay. Prof Gupta has received numerous accolades, including the Padma Shri and CSIR Bhatnagar Fellowship (2018-2021).
