Science Setu Program

Science Setu Program Report

National Institute of Immunology (NII) conducted an online quiz competition on 28th June, 2021 for the students of Delhi Public School (DPS), Pataudi under the Science Setu program celebrating 'Azadi ka Amrit Mahotsava' / 75th Year of Independence Celebrations. There were fifteen students divided into five teams participated in the quiz. The DPS, Pataudi Principal, Ms Dipinder Kaur and teachers attended the event online. The program kicked off with a brief introduction of the institution. It was followed by interaction with students by Dr. Srinivasa-Gopalan Sampathkumar, Scientist, NII. During interaction, students were asked 'open questions' to name scientists, diseases, and medicine that are familiar to them and discussed their origin, discovery, invention, and the importance of scientific approach and analysis in daily life. He told students that science is all around us and we can correlate everything happening around us with science. The students were enthusiastic to interact with a scientist.

The interaction was followed by the quiz competition conducted by Smt. Jyoti Singh with assistance from Ms. Ananya. The contents, questions, and answers were provided by Dr. Vidya Raghunathan, Scientist, NII. There were three rounds. They played it with full zeal and answered the quiz with full interest. At the last there was a tie between two teams. The winner had to answer a 'tie breaker' question which one team did. The school Principal paid her vote of thanks to NII for organizing such an interactive session for the students. She said that all her students enjoyed the program thoroughly.
